GROUND FOR DISPUTE / MOTIFS DU LITIGE

The complainant, Mr. NKOA ÉRIC PAUL, contests the validity of the current title registration of parcel TC-00892-2025 on the following grounds:

Ground 1 — Prior Ownership

The complainant holds a prior unregistered customary title over this parcel, inherited from his late father NKOA MARTIN (deceased 2018), who occupied and cultivated the land for over 40 years without interruption.

Ground 2 — Fraudulent Transfer

The complainant alleges that the 2022 deed of sale between his late father's estate and MBARGA JEAN-PIERRE ALPHONSE was executed without the knowledge or consent of surviving heirs, and that signatures on the deed may have been forged.

Ground 3 — Survey Discrepancy

The cadastral survey plan referenced in TF-CENTRE-00892/A does not correspond to the actual boundary markers established by the 1998 survey conducted under NKOA MARTIN's name (Plan Ref: PLAN-MFOUNDI-1998-0312). A discrepancy of approximately 120 m² on the eastern boundary is alleged.
